

Technical Data Sheet

AF-205

Ingredient	Silicone oil
-------------------	--------------

Warranty	12 months (kept in a cool, dry place at room temperature)
-----------------	---

Applications	AF-205 is used in <ul style="list-style-type: none">● Defoaming of non-aqueous systems● Defoaming in the petroleum industry
---------------------	--

Features	<ul style="list-style-type: none">● Excellent defoaming and foam suppression properties at low usage levels● Easy to disperse in solvent
-----------------	---

Physical indicators

Exterior	Colorless or light yellow liquid
-----------------	----------------------------------

Viscosity, 25°C	1-200mPa.s
------------------------	------------

Instructions	<ul style="list-style-type: none">● It can be added directly to the non-aqueous phase system, the recommended addition amount is 100~1000ppm.● It is recommended to use volumetric pump metering to optimize dosing during continuous or semi-continuous operation.
---------------------	--

Precautions	<ul style="list-style-type: none">● There are no fatal or harmful ingredients to the human body, but try not to touch it directly or use it if it accidentally gets into the eyes, rinse with clean water● Storage at room temperature (5-40°C), away from direct sunlight● Refer to the product's Material Safety Data Sheet (MSDS) before use
Usage	<ul style="list-style-type: none">● Not for human injection
restrictions	<ul style="list-style-type: none">● This product is not tested or represented as suitable for medical or pharmaceutical use
Package	<ul style="list-style-type: none">● 25kg/50kg plastic drum/1000kg IBC drum
